E²M: REVOLUTIONIZING WORKSPACES

Step into the future of efficiency with E²M, the Colad range designed to transform your workspace through smart, modular solutions. With E²M, you can customize your setup to perfectly fit your workflow, ensuring maximum productivity and comfort. Looking for durability and quality that stands the test of time? Need smart storage solutions to keep your tools organized and within reach? Or perhaps you want ergonomic features that support your performance and well-being every day? Whatever your needs, E²M delivers.

Upgrade your workspace, boost efficiency, and experience the next level of organization with E²M because a well-structured workspace means a more productive you!

Modular, ergonomic, efficient!

In today's fast-paced world, your workspace should adapt to your needs. E²M is the ultimate modular system designed to optimize efficiency, organization, and comfort. Whether in a workshop, office, or production environment, E²M empowers you with productivity, flexibility, and ergonomic support, helping you work smarter every day.

Built to endure, Designed to impress

Crafted from premium materials, E²M is built to withstand the toughest work environments while maintaining peak performance. Its sleek, contemporary design seamlessly integrates into any workspace, offering both durability and functionality. Elevate your work-space with a system that works as hard as you do.

Ergonomics that work for you

Work smarter, not harder with E²M. Designed to reduce physical strain and eliminate unnecessary movements, this system ensures that every tool, material, and document is always within reach. With adjustable heights and modular configurations, E²M promotes a healthier, more efficient workflow, keeping you comfortable and productive all day long.

TOOL TROLLEY - 5 DRAWERS

Convenient storage for your products and equipment!

The Colad Tool Trolley is your partner on the work floor. This spacious, five-drawer modular trolley provides convenient storage for your products and/or equipment. It is equipped with four sturdy wheels and two casters with brakes, making the cart suitable for use on all kinds of floors. With the integrated locking system, you can easily lock the trolley in one movement. Only one drawer can be opened at a time while in use, preventing the trolley from tipping over. The drawers are also held in place when completely closed. This prevents the drawers from opening when the trolley is being moved – even when the trolley is unlocked.

Optional:
Perforated Back Panel

1211045 / 1211090

- 01 Modular system, wide range of accessories available.
- 02 Integrated locking system (central).
- 03 Five spacious drawers:
 - 1 x 75 mm
 - 4 x 154 mm
- 04 Ball bearing slides.
- 05 Four sturdy wheels with two castors.

Technical data:

- Dimensions: 722 x 459 x 1.000 mm (W x D x H)
- Carrying capacity drawers: 40 kg
- Maximum capacity: 700 kg

Product delivered without accessories, partly assembled.

DETAILING TROLLEY DELUXE

Meet your detailing companion: the Detailing Trolley Deluxe!

Elevate your workflow with a mobile workstation that brings organization, power, and adaptability together. The Detailing Trolley Deluxe is fully compatible with the E²M modular system, allowing you to customize it to your process in seconds.

With two lockable heavy-duty drawers, a lockable bottom cabinet, and perforated panels on the sides and back, you can create permanent storage zones for all your polishing tools, consumables, and accessories. An integrated EURO-standard PDU ensures your polishers, buffers, and chargers are always powered safely and neatly.

WALL PANELS

Organize your workplace efficiently with these wall panels.

Upgrade your mixing room and/or workshop with the Colad E²M Wall Panel, available in Stainless Steel - INOX 304 and Steel - RAL 7005. This durable, perforated panel is designed to keep all your tools and accessories neatly organized and within easy reach, so you can work faster and more efficiently. Mounted securely to the wall, it creates a clean, ergonomic workspace that reduces clutter and improves workflow.

Part of the Colad E2M system, it integrates seamlessly with other panels, trolleys, and accessories, giving you a flexible, modular setup that grows with your needs.
