Description: Advanced Cut

EAN: 8714247039694

Colad Advanced Cut

Solvent- and silicone-free cutting compound for quick and aggressive polishing

A harsh cutting compound that removes aggressive scratches defects and surface imperfections in an instant! Solvent-free and therefore user friendly / not affecting plastic parts and rubber seals, can be used on all kind of surfaces and makes additional masking unnecessary. Doesn't dry out as quick as solvent based compounds.

Benefits of Advanced Cut

- A quick solution for aggressive scratches and paint defects
- Not affecting clear coats, plastic & rubber parts so no need for time consuming masking
- Solvent – and silicone free
- Doesn't dry out as quick as solvent based compounds
- Saves time

Packaging information

1 kg dosing bottle

Technical information

- Store: Above 10 °C, don't expose to frost or direct sunlight
- Shelf life: 24 months

Frequently Asked Questions

> How do I use Advanced Cut?

Shake well before use. Make sure the surface is clean before applying Colad Advanced Cut. Apply sufficient amount of Advanced Cut on to the polishing pad and distribute evenly. Start polishing with medium pressure on the machine (medium-high speed, 1300-1500 RPM). Reduce pressure when the polishing material starts to dry till all scratches are disappeared. Remove leftover compound with Hamach Microfiber Cloth [Art.no. 000812]. For an improved finish follow up with Colad OneStepReady [Art.no. 8700].

> **Is the Advanced Cut usable direct after sanding?**

Can be used directly after sanding with P1200 or P1500. For an improved and high gloss finish follow up with Colad OneStepReady

> **How do I get the best results?**

The best result is achieved by using a Colad Clean Pad Hard and rotary machine.
